23 June 2026

Mr M Kueck
kueck.marcel@gmail.com

Dear Mr Kueck,

I am pleased to confirm that you are invited as an Academic Visitor to the Department of Materials for the period **25 June 2026 – 30 September 2026**.

If you plan to visit the UK during this period please contact the HR Team before making any arrangements to travel so that the necessary visa process and checks can be undertaken.

Please find enclosed a Visitor Agreement containing the formal conditions relating to your visit. Please read the Agreement carefully. If there are no conflicts of interest, please sign the Agreement and return it to me, please also retain a copy for your records.

When we have the signed agreement, we can request your University card. You will receive an e-mail in relation to applying for your University Card. The card enables us to set up your access to relevant buildings and IT systems. Please follow the instructions in the e-mail to provide your details and photo.

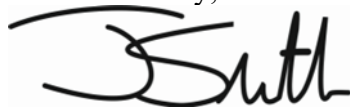

Nationals of EU/EEA countries, Australia, Canada, Japan, New Zealand, Singapore, South Korea, Switzerland and the United States of America, **visiting for up to 6 months**, are permitted to use the automated e-Gates upon arrival to the UK. This means you will not be required to complete a landing card and your passport will not be stamped on entry to the UK. You are not permitted to use the e-Gate if you are travelling with children under the age of 12, or do not have a passport which contains a biometric chip, instead you must attend a staffed immigration desk.

Non-visa nationals visiting for up to 6 months should have this letter with them when entering the UK so that they can present it if questioned about the purpose of their visit on arrival. Depending on the date of travel it may also be a requirement to apply for permission to travel to the UK, by obtaining an Electronic Travel Authorisation (ETA). Find out when you need an ETA to travel and can apply on the [gov.uk](https://www.gov.uk) website.

I assume that you will not be bringing any materials to the Department. However, if you wish to do so, please send an e-mail to your host and to me, so that we can put in place any necessary arrangements to avoid problems.

I do hope that you will enjoy your association with us and find your visit academically rewarding. If you have any problems, please do not hesitate to contact me.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'J Smith', written over a horizontal line.

Professor Jason Smith - Deputy HoD
